Dear Jon Bowers,

When my sister died in 2010 we were faced with selling her house. Apart from the usual legal mountains to climb we were required to obtain a valuation of the property for Probate. A number of Estate Agents were contacted but we were most impressed with Eckersley White's professional approach at this most difficult time. When it came to selling the property we gave our instructions for you to go ahead as the sole agent. The property required a deal of work to bring it up to standard and your valuation accurately reflected this in the asking price.

Your advertising found many potential buyers right from the beginning and your help at every stage of the sale was often beyond that normally expected from Estate Agents. You were even kind enough to read the gas and electric meters for us at the final completion date.

Thank you for acting on our behalf at every stage of the way in selling the house. We would have no hesitation in recommending Eckersley White to others faced with the same problem.

Yours sincerely,

Amanda & team,

This card cannot possibly show how grateful we are to you. You were there in my hour of panic & have guided us through. I am now writing this in our new conservatory in a house that is already feeling like home! We could not have made the move without you and would strongly urge others who were considering moving to use you.

We are never planning to move again as we are in our forever home now but if ever we did you would be top of our list.

A huge hug & thank you once again.

Kind regards,

Mark, Tessie,

Katie & Adam.

Dear Paul,

Thank you for all your help with the sale of 75 Anthony Grove + the purchase of a new house. It has, as I expected, been a pleasure doing business with you! As you know, I chose Ethersley White because I was so impressed with the courteous + friendly service provided over the purchase of my mother's home. It makes all the difference, believe me!

Dear Ken,

Just a small note to say a big thankyou  
for the lovely book of Alverstoke, it was  
very much appreciated and very interesting thankyou.

I have enclosed some mail which had fallen  
amongst the boxes whilst unpacking so I am  
not sure how old they are, as you can imagine  
it has been a chaotic month trying to get the  
house up together and finally move in.

When we are a bit more organised, I will ring  
you to ask if you would care to come round to  
see how the house has changed and give us a  
new valuation, which would be interesting.

Many thanks again  
regards  
Karen.

Dear Paul Parker,

Thank you for your letter of 6<sup>th</sup> October concerning the sale of Briar Cottage. Its speedy and successful sale owes much to the experience and assistance of Ken Eckersley who so quickly found the purchasers and then helped to negotiate the settlement of the subsequent problems that arose. Would you please tell him how grateful I am to have had his most valuable assistance.

Yours sincerely

Dear Tom & Fran
